Customer Friendly Car Park Support

At PARK WATCH we believe in making life a little simpler. Parking your car at the local shopping centre, retail park, train station or at home should be stress free. However as we're all aware, unauthorised parking can cause unnecessary aggravation and that is where our unique parking control systems can help you - whether you are a large corporate company or a lone resident.

Parking Management Delivers Results

Our Warden Patrol Service will provide you with free of charge* uniformed wardens who will patrol your car parking area as and when you need them to.

Tact and diplomacy are two very important skills that are required in what can sometimes be a contentious business and all our wardens are hand picked and meticulously trained to defuse situations and just as importantly to recognise special needs and circumstances.

ANPR

Services / HD - Automatic Number Plate Recognition

We conduct a comprehensive site survey before installing cameras at the entrance and exit of your site to take high resolution images of the arrival and departure of each vehicle.

Customer Care & Safety

Our commitment to customer care is the cornerstone of our progress towards the creation of a "Total Care" environment open to objective measurement. The decision to proceed in this way has brought about a positive review of existing management control systems and the development of additional measures to ensure that customers have "peace of mind"!
